- * **East Orleans :**
Everything that is quintessential Cape Cod ...vine draped arbor, rock wall with roses, a tranquil memory garden, deck surrounded by hydrangea bushes, beds of hostas, astilbe, sedum, and ferns.
- * **Market Garden, Orleans :**
Fresh fruits and vegetables grown for the Orleans and Wellfleet farmers' markets, including asparagus, blueberries, raspberries and rhubarb. Flowers include bachelor buttons, cosmos, Tithonus and zinnias.
- * **Hydrangea Walk, Eastham :**
Brick pathways, patios and deck allow access to the wide array of hydrangeas, rhododendrons, andromedas, azaleas and Kwanzan cherry trees. Also, Kousa dogwood, daylillies and junipers add beauty to this tranquil spot.
- * **Whimsical Garden, Eastham:**
Lacecap hydrangeas, sunflowers and Black-eyed Susans are interspersed with hand-crafted cairns, statues and clever garden decor. Decks, fire-pit, and swing allow many fun spaces for entertaining.
- * **Three-in-one Garden, Eastham:**
Hydrangeas, sunflowers, marigolds, daisies and petunias, a large fenced vegetable garden, and a "leftover" garden along with a children's place, as well as a 10-seat fire pit all contribute to a yard destined to please everyone and their guests.
